Satisfactory completion

Participants must complete an evaluation to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your board requirement.

Physicians

Accreditation Statement - This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Amedco and RadioSurgery Society. Amedco is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement - Amedco designates this live activity for a maximum of 22.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Self-Assessment Credit

This course is valid for up to 6.0 of SA-CME Self-Assessment credits.

Nurses

Amedco is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This course is co-provided by Amedco and RadioSurgery Society. Maximum of 22.75 contact hours.

Physicists

This activity has been approved for 34.75 MPCEC credits by the Commission of Accreditation of Medical Physics Educational Programs (CAMPEP).

Dosimetrists

This activity has been approved for 35.50 continuing education credits by the Medical Dosimetrist Certification Board. Course # MDCB20170598. Provider #P0689.

Radiation Therapists

This activity is approved by the ASRT for Category A continuing education credit. This is a maximum of 32.25 Category A CE credits awarded.

Objectives:

After completing this educational activity, participants will be better able to utilize recommendations from current treatment practices and clinical guidelines for SRS/SBRT treatments for intracranial and extracranial lesions, identify and respond to adverse events, implement quality assurance and safety programs and improve patient outcomes.

Disclosure of Conflict of Interest

The following table of disclosure information is provided to learners and contains the relevant financial relationships that each individual in a position to control the content disclosed to Amedco. All of these relationships were treated as a conflict of interest, and have been resolved. (C7 SCS 6.1---6.2, 6.5)

All individuals in a position to control the content of CE are listed in the program book. If their name is not listed below, they disclosed that they had no relevant financial relationships.
